Analyse Africa

Published by
Financial Times Limited
Number One Southwark Bridge
London, SE1 9HL

Analyse Africa, a service from the Financial Times, is a digital data platform which aggregates macroeconomic data on Africa's 54 countries from leading global sources. Featuring over 1.75 million data records and 4,500+ indicators it allows fast access to quality checked data. Trend changes are highlighted and explained. Data categories include banking & finance, economic potential, education, environment, foreign direct investment, infrastructure, labour, political stability, social dynamics and trade.

www.AnalyseAfrica.com

This is Africa, a service from the Financial Times, examines African business and politics in a global context, making sense of the relationships that Africa is building with the rest of the world. It challenges international preconceptions about the continent and identifies the opportunities and risks in this dynamic business environment.
